

Coaches,

The following pages have specific emails to introduce America's Team and the overseas travel experience to your players. You will see the destination highlighted at the top of each page.

Please use these emails as a guide. Feel free to tweak them or make them your own. If you are contacting players that don't know you personally, it will be a good idea to introduce yourself and give a brief background on your program and coaching history.

Thanks again for being part of America's Team and we can't wait to show you and your players the experience of a lifetime!!!

America's Team

Italy

Player name,

I can't wait to share some exciting news with you!

I have been selected to coach a team traveling to Italy with America's Team...**and I want you to be on the team!!!**

America's Team is a program passionate about education and sports. They fulfill those passions by enabling kids to compete in international events against foreign teams on foreign soil. The education comes from exposing our players to a new land, a new people, and a new way of thinking...this way our players come home with a newfound sense of themselves and the world around them.

Playing overseas is like a dream come true!!! Imagine yourself wearing the "USA", listening to the National Anthem as you get ready to compete! And, imagine stepping inside the Colosseum in Rome...experiencing all the history and culture of Italy!

One of the reasons I accepted the position is I get to hand pick the players for the team. This is very important to me, as when we travel I only want players that are going to represent the USA and our community in a first class fashion...both on and off the field. You have exactly what I am looking for in a player for this team. You are a good athlete and a tough competitor. And most importantly, with your character and humility, you will be a tremendous ambassador for our sport and our country.

I want you on this team!!!

America's Team is going to email your official invitation to be on the team. Please review your invitation with your parents and you can call me or America's Team with any questions you may have.

Thank you so much for being the talented, genuine person you are. I am so excited to share this experience with you!!!
